

Dear Clients

Our main priority over the years has always been to provide excellent treatments with the highest hygienic practice that you would expect in our industry. Whilst we deal with the uncertainty of this particular Corona Virus, we wanted to update you on the precautions we are taking to ensure that our treatment centre remains a safe space for our clients and team members to enjoy over the coming months.

As well as our usual thorough cleaning practices which we carry out between clients, we have put in place some extra measures which includes cleaning door handles, keyboards and other hard surface areas between each client and providing extra hand sanitiser throughout the premises.

Our team has been fully briefed and are continuing to undertake the high levels of health and safety required to ensure that clients and other team members are safe.

For our sector and others such as restaurants and small high street businesses, The Corona Virus has the potential to be devastating to business, so we encourage healthy clients to continue supporting not only us but other local businesses in Cowes.

Thank you for all your support, and if you have any further questions please do not hesitate to contact us.

We look forward to welcoming you soon to help you relax and feel great.

Kind regards Caroline, Laura and the team. x
